RE: Site Investigation and Remedial Alternatives Evaluation Report
Creek Segment A - Cerro Copper Products Company, Sauget, IL

Dear Mr. Takacs:

Please find enclosed six copies of the Site Investigation and Remedial Alternatives Evaluation Report for Cerro Copper Products Company, Sauget, Illinois. The Avendt Group is submitting this document at the request of Mr. Jay Stewart, Lowenstein, Sandler, Kohl, Fisher & Boylan.

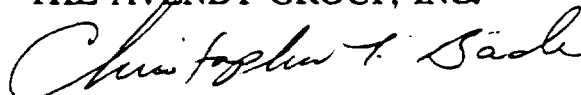

In summary, the report discusses the site investigation which was performed by The Avendt Group, Inc. and the changes made to the stormwater collection system performed by Patterson and Schafer, Inc. After the site investigation discussions, evaluation of remedial alternatives are presented, followed by the selection of the recommended remedial alternative.

We will be happy to make further revisions of the report as comments are received from the reviewing parties.

It has been our pleasure to be of service to you. Should you have any questions regarding this report or any other aspect of the above-referenced project, please don't hesitate to contact our office.

Very truly yours,

THE AVENDT GROUP, INC.
